

1. Account Creation

The screenshot shows a 'Create your account' form on a website. The fields are as follows:

- Username ***: Mtecane
- Email Address ***: ozulu@dtmastercarbon.fr
- Password ***: (redacted)
- Confirm Password ***: (redacted)
- Company ***:
 - Search companies...
 - Please select a company
 - Please choose your company from the list

The list it asked to select from is very small. I think only companies we want to demo from.

Still waiting for verification code or link for the new account I created
